Dear Deon

## **RE: ASTRO TURF CONSTRUCTION : PEARSON HIGH SCHOOL**

I should really like to commend you on the highly professional manner in which you approached, ran and completed the building of our Astro Turf.

I particularly want to mention the accommodating way in which you worked around the busy school programme in order to cause as few disruptions to the school day as possible. This made working with you and your team an absolute pleasure. I was very impressed by how neatly the team worked, their level of workmanship and the superb quality of the final product.

I would gladly, and without reservation, recommend you and your company.

Yours sincerely

ANDRÉ VAN STADEN  
**PRINCIPAL**
